*Results shown for the year 2015 represent partial period performance from June 1, 2015 through December 31, 2015.

The 3-year annualized standard deviation measures the variability of the composite and the benchmark returns over the preceding 36 month period. Standard deviation is not shown for the composite because 36 calendar monthly returns are not available.

Russell Top 200 Index Strategy Composite contains fully discretionary passive Russell Top 200 accounts and for comparison purposes is measured against the Russell Top 200 Index. The strategy is to replicate and track the return of the Russell Top 200. The Russell Top 200 Index Strategy Composite was created May 31, 2015. The Russell Top 200 Index is a market capitalization weighted index of the largest 200 companies in the Russell 3000. This is a benchmark index for U.S.-based large-cap stocks and is reconstituted annually to account for new members and growing companies.

Piedmont Investment Advisors, LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Piedmont Investment Advisors, LLC has been independently verified for the periods October 1, 2000 through December 31, 2015. A copy of the verification report(s) is/are available upon request.

Verification assesses whether (1) the firm has complied with all the composite construction requirements of the GIPS standards on a firm-wide basis and (2) the firm's policies and procedures are designed to calculate and present performance in compliance with the GIPS standards. Verification does not ensure the accuracy of any specific composite presentation.

Piedmont Investment Advisors, LLC is an independent investment adviser registered with the SEC. The firm maintains a complete list and description of composites, which is available upon request.

Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated using actual management fees. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite the entire year. Policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.

The management fee schedule for the composite is as follows:

| Product | First \$500M | Next \$500M | Over \$1B |
|--------------------------------|--------------|-------------|-----------|
| Russell Top 200 Index Strategy | 10 BP | 5 BP | 3 BP |

Fees are charged to clients on a quarterly basis. Fees are calculated as a percentage of assets under management and vary based upon the type of product and the total amount of assets under management. The percentage fee is expressed terms of basis points ("BP") for our products. One hundred basis points equal 1%. All fees are negotiable.
